Experience

Website

Sri Venkateshwaara College of Engineering and technology

Created my own idea website with the basics of HTML, and CSS and Materialize CSS framework. I have designed an achievement module for the website. And worked as a frontend in this project. I have given my valuable contribution on this module.

College Projects

Sri Venkateshwaara College of Engineering and Technology

Started my role as a Backend Developer. Gained a knowledge on Redux, Express. I have created a sample example on the skills that I have learnt. It gave me a confidence that I can fulfill working as a Backend Developer.

Non-Technical Skills

- Good Communication Skills
- Typing Skills
